Spare Parts Price List – Terms and Conditions

TERMS AND CONDITIONS

SECTION I: GENERAL INFORMATION

1. MINIMUM CHARGE: Minimum charge for any order is \$10.00.
2. PAYMENT TERMS: Net 30 days with approved credit.
3. STANDARD SHIPPING TIME: The goal of Pramac is to ship orders within 48 hours from receipt of order. Next Day and 2nd Day delivery orders must be received no later than 11:00am CST.

GENERAL:

1. Invoice date corresponds to date of shipment, not to date of receipt of goods or date of order.
2. Finance charges of 1.5% per month on accounts past due according to terms, but not to exceed the maximum rate permitted by applicable law, plus any legal fee if necessary, may be added to past due balances.
3. Drop ship orders are based on volume of order for each delivery destination.
4. All backorders are based on terms of original order and are not eligible for free freight unless the backorder qualifies individually.
5. COD orders are not allowed; however, VISA, MasterCard and company check are accepted.

MISCELLANEOUS:

Should an item be placed on back order, these orders will be filled in order of date placed, oldest first.

CREDIT POLICY:

New accounts must furnish satisfactory credit references and financial information. Orders are subject to approval of our credit department. It may be necessary on certain accounts, due to their payment record, to occasionally require additional information. Accounts with overdue balances cannot be shipped until such delinquency is corrected.

TAXES:

The buyer agrees to bear all legal taxes.

FREIGHT POLICY:

All transportation charges for shipment are prepaid and added to invoice subject to the following:

1. Pramac selects the most economical and practical routing of each shipment. If special routing, or method-of-packing are requested, such extra cost will be at the customer's expense. We are not liable for delays in shipment caused by conditions beyond our control.
2. All shipments of tools, parts and accessories are FOB PRAMAC.
3. No "add-to" orders can be allowed on orders placed for "immediate" shipment. Adjustments can be made to orders scheduled for future shipment, if a request is made one working day ahead of scheduled ship date.
4. Claims for shipping or damage must be settled between the dealer and the carrier. We will file a freight claim as a service if we receive a report within (10) days of invoice date which includes: (1) copy of the Bill of Lading or receiving documents listing shortage or damage when materials are signed for and received by purchaser; (2) references to purchase order and invoice numbers and (3) in the case of damaged goods, a copy of the carrier's inspection report. Outstanding claims between dealer and carrier may not be considered grounds for withholding payment.

PRICING:

Spare Parts Price List – Terms and Conditions

1. Prices and discounts are subject to change without notice. Pricing is based on the current published price list.
2. Price changes are effective on a specific date and apply on any orders received by us on or after that date.
3. Orders with specified shipping dates will be priced at the price in effect on the specified shipping date.
4. Refunds will not be given to dealers for stock on hand because of price decreases, nor will distributors be re-invoiced for stock on hand because of price increases.
5. Shipments on consignment will not be made.
6. We reserve the right to quote and sell direct to Government agencies, OEM accounts that use our products as an integral part of their own products, E-commerce and special national accounts not normally serviced by our dealers.

RETURNED GOODS POLICY:

1. No returns shall be accepted unless approval is obtained from PRAMAC prior to shipment. A Return Goods Authorization number (RGA) and form will be supplied to the dealer for all items. **This includes only manufacturer's defective products.** This number must be visible on the outside of the package, on the return packing list, and on all correspondence concerning the item(s) being returned.
2. Transportation charges must be prepaid. PRAMAC must approve any exceptions in writing before any item(s) is returned.
3. A copy of an original PRAMAC invoice must accompany all approved returns. Final acceptance will be made by PRAMAC on receipt.
4. PRAMAC reserves the right to issue credit on returns at original invoiced price, or current price, whichever is lower.
5. No deduction for payment on the original invoice is authorized until PRAMAC issues a credit memo.
6. A 20% restocking fee will be charged on all returned goods.
